

International Conference on Creative Tourism

Conference publication

Following the successful International Conference on Creative Tourism held in Barcelona on December 9th-10th 2010, we would like to compile a selection of papers related to the main conference themes for potential publication.

It is likely that the core of the publication will be represented by papers presented during the research stream of the conference, but we would also like to consider contributions from other conference delegates and those who were unable to attend the conference but who want to contribute to the body of knowledge on this growing area of interest.

You are invited to submit full papers for consideration for publication. It is envisaged that once a selection of papers has been made the volume will be offered to an international publisher as a book volume. There is also the possibility of preparing a special issue of a journal.

Please submit your papers to Greg Richards (g.w.richards@uvt.nl) no later than March 1st 2011. Papers should be a maximum of 7,000 words.

Potential authors are encouraged to discuss their potential papers in advance of submission.
